WORK EXPERIENCE

Frex

Flutter Developer

Mar 2025 - May 2025

- Built 80% of the MVP UI for Frexpay using FlutterFlow, enabling rapid development.
- Coordinated API integration with the backend team via Slack for seamless functionality.
- Integrated Saber on-ramp and Bridge off-ramp to enable stablecoin transactions.
- Gained hands-on exposure to blockchain-based remittances and product development cycles.

PROJECTS

TrackStack – Internship Application CRM API [🔗](#)

- Built a **RESTful backend API** to manage internship applications, track statuses, deadlines, and outreach
- Designed **secure authentication system** using JWT, bcrypt, and rate-limiting for brute-force protection
- Implemented **scalable CRUD architecture** with ownership validation and structured application status workflow
- Developed **advanced filtering, search, and pagination** for efficient data retrieval
- Built **analytics APIs using MongoDB aggregation with Redis caching** to optimize dashboard performance

SOC!L - A Minimal Social Messaging app [🔗](#)

- Built a real-time messaging application using **Flutter & Firebase Firestore**, supporting message persistence & instant UI updates.
- Implemented **responsive UI** compatible across Android screen sizes.
- Designed clean UX inspired by pin-board style layouts to improve engagement.

SKILLS

Languages: JavaScript, Dart, Java

Frontend / Mobile: Flutter, FlutterFlow, **React (Learning)**

Backend: Node.js, Express.js

Database & Caching: MongoDB, Redis

Authentication & Security: JWT, bcrypt, Rate Limiting

Tools: Git, GitHub, Postman, Figma

EDUCATION

Manipal University, Jaipur

Master's in Computer Applications - Sem 1: 8.65

Aug 2025 - May 2027

Christ University, Delhi NCR

Bachelor of Computer Applications - 8.57

Aug 2022 - May 2025

CERTIFICATE

JLPT N5 [🔗](#)

- Certified in JLPT N5, demonstrating fundamental proficiency in Japanese language and basic everyday communication.

Foundations of User Experience (UX) Design [🔗](#)

- Completed Google's Foundations of UX Design course, gaining exposure to design thinking, wireframing, and usability evaluation.

Data Analytics Job Simulation - Deloitte [🔗](#)

- Completed Deloitte's Data Analytics Virtual Internship, performing data cleaning, transformation and visualization to generate business insights.
